

## KS1 Science Quiz - Animals - Human Development (Questions)

This quiz addresses the requirements of the National Curriculum KS1 Science for children aged 5 and 6 in years 1 and 2. Specifically this quiz is aimed at the section dealing with animal and human development timelines.

You are a human. There are a lot of things you will know about yourself - your name, where you live, your height, your family and friends. Like all animals, you were once a baby. But now you have developed and grown into a child. Also like animals, human children keep growing but, unlike animals, they go to school. Then they go to a bigger school. Maybe they go to college or university. All these questions are about children just like you and about how they develop as they grow up.

1. This picture was taken at Ella's first birthday party. There is one candle on the cake.

- 1
- 5
- 6
- 7

It is now 6 years later and Ella is 6 years older. How many candles will be on her birthday cake today?
