

KS1 Science Quiz - Living Things - Habitats of Well-Known Animals (Questions)

This quiz addresses the requirements of the National Curriculum KS1 Science for children aged 5 and 6 in years 1 and 2. Specifically this quiz is aimed at the section dealing with living things and the habitat of well-known animals.

Where animals live is called their habitat. Some animals live all over the world. But other animals live in one country or continent. Some animals are well known. You can see them on the internet. You can see pictures of them in books. You might even have seen them in a zoo. But it is good to know where animals live in the wild and their habitats. This quiz is about where some well-known animals live.
