

## KS1 Science Quiz - Seasons And Weather - The Changing Seasons (Questions)

This quiz addresses the requirements of the National Curriculum KS1 Science for children aged 5 and 6 in years 1 and 2. Specifically this quiz is aimed at the section dealing with how the weather changes with the seasons.

It can rain at any time of year. But it only snows in the winter. At school or at home you may have kept a weather diary. In it you write down the weather every day. You can see how the weather changes from month to month in different seasons. In this quiz we are going to look at the weather and the changing seasons.

1. Mark's teacher asks him about the number of windy days.

Mark says there were more windy days in October than any other month.

What season is this?

- Winter
- Spring
- Summer
- Autumn

2. Mark's teacher asks him about the number of wet days each month.

Mark says February had the most wet days and June the least.

Which was the wettest month?

- February
- May
- June
- November

3. Sameera and Aysha are in London. It is very sunny. It is the hottest day of the year. What month is it?

- March
- July
- October
- December

4. It was a warm, sunny day. Tommy's family went for a picnic. What month do you think it was?

- January
- June
- October
- December

5. Mark has kept a weather diary. His teacher asks him about the hottest months of the year.

Mark says the three hottest months were May, June and August.

Which summer month was the coolest?

- June
- July
- August
- December

6. Mark recorded one thunderstorm in August. What do you see in a thunderstorm?

- Sunlight
- Snow
- Mist
- Lightning

7. Mark recorded the number of foggy days. There were more foggy days in November than any other month. A fog is:

- Easy to see through
- Hard to see through
- Solid
- Transparent

8. In which month is it most likely to snow?

- August
- October
- January
- May

9. Amy's family decided to go for a walk. It was not very cold, but it was not hot. There were no leaves on the trees. What month was it?

- May
- July
- August
- December

10. Max didn't want to go to school. It was very cold. There was snow on the ground. There were icicles hanging above the windows. What month was it?

- February
- May
- July
- September

## KS1 Science Quiz - Seasons And Weather - The Changing Seasons (Answers)
