

KS1 Spelling Quiz - Year 1 - The Sound oi (Questions)

This Sound oi spelling quiz teaches KS1 children words with that sound. The sound 'oi' makes the same sound as that made by 'oy'. The words in this quiz have been taken from and added to those in the National Curriculum.

The sound 'oi' will almost always have a consonant after it. This sound can start a word and be inside a word but rarely at the end of a word, unlike 'oy' which sounds the same and does end words. Test your knowledge on 'oi' spellings.

1. Spell the missing word: This doll was her favourite ____.

- toy
- toi
- toiy
- toie

I was trying to trick you here - we rarely end a word with 'oi', so if the 'oi' sound is at the end of a word it will probably be spelt with 'oy'. The 'oi' sound will usually either begin a word or be in the middle of it. Ok, now onto 'oi'...

2. Spell the missing word: First put some ____ in the frying pan.

- oyal
- oiyal

We often fry things in oil as it stops food from sticking to the pan and adds flavour.

10. Spell the missing words: These ____ would like to ____ you.

- bois and join

If the 'oi' sound is at the end of the word it will usually be 'oy' but with the word 'join' there is an 'n' sound and that is why it's 'oi'.
