

KS1 Spelling Quiz - Year 2 - Suffix ful (Questions)

This 'Suffix ful' spelling quiz tests KS1 children on words that can end with those three letters. The words used for this spelling quiz have been taken from and added to those suggested in the National Curriculum.

Certain words can have the letters 'ful' added to the end of them to change their meaning. These three letters actually add the idea that you are 'full' of the root word (the word it has attached onto the end of). Improve your spelling in this quiz.

He is full of thanks. The word 'thank' is called the root word because it stays the same and in place just like roots on a tree.

The word 'wonder' has rooted to the ground and we add the suffix 'ful' to the end.
